"Let the little children come to Me."

(Mark 10:14)

Teacher's Update:

We had fun last week learning about clouds and how they are formed, and we had great weather and awesome, fluffy clouds, perfect for us to go outside and look in the sky to find different shapes and forms in the clouds.

We also enjoyed some fun experiments; first creating "rain clouds" by adding blue color to shaving cream clouds in clear cups of water and watching it "rain" in the water when the clouds got too heavy; and then ended the week with the ever popular baking soda and vinegar volcanoes.

This week we will have some belated St. Patrick's Day surprises and enjoy fun magnet experiments as we learn about letter "M". When we come back from Spring break, we will jump into Spring and Easter, and also begin some assessments in preparation for parent-teacher conferences in April.

Snack Helpers:

Wed.– Rylan/Micah

Fri.– Spencer/Aryana

Mon. 4/1– Lydia/Asher

There are currently 16 students in the morning class and 8 students in the afternoon.

What we did last week:

During Carpet (large group) time, we met our letter puppet, Victor V. Vine who taught us the sound of letter "V". We read our Alphatales book Vera Viper's Valentine by Maxwell Higgins and enjoyed viewing the items that Dominic brought to show us in the letter bag. We read Little Cloud by Eric Carle and It Looked Like Spilt Milk by Charles Shaw, The Story of St. Patrick's Day by Patricia A. Pingry and Rhyming Dust Bunnies by Jan Thomas. We sang "Tickly Rain", found colors in the classroom while listening to "I See Something Pink" and "I See Something Blue", danced and sang with egg shakers and bean bags, and played musical instruments.

During Center (small group) time, we made our own Victor V. Vine puppets and used two big lines to make capital "V". We experimented with foaming volcanoes, then made our own volcanoes from baking soda and corn starch clay and used vinegar to make them erupt. We played a weather board game, played with stacking cups and glass stones, cut out and decorated fluffy clouds, colored umbrellas and made it rain on them with droppers, and used shaving cream, water colors, and droppers to make rain clouds.

Important dates:

Wednesday– Chapel 11:15/2:45

Hostess– Melanie R./Marcia K.

Mar. 25-29– Spring Break

Apr. 12– Teacher work day/No school
